DESCRIPTION

Essential Acoustic Desktop Divider is a stylish, solution for open office environments, call centers, classrooms, or anywhere sound absorption and visual privacy is needed. Its tool free assembly and lightweight design make the Essential Acoustic Desktop Divider a fast, flexible solution for creating quiet, focused spaces.

HIGHLIGHTS

• Easy installation (no tools required)
• Lightweight & portable

SUSTAINABILITY

• 100% recyclable
• 60% post consumer recycled content (recycled water bottles and similar PET material)
• Low VOC
• Odorless, non-toxic and safe to touch
• Highly resistant to moisture and humidity
• Resistant to fungi and bacteria

SPECIFICATIONS

Material
Acoustical Felt/Polyester

Sizes (w x d x h)

46" x 22" x 15"	58" x 22" x 17.5"	70" x 22" x 17.5"
46" x 22" x 23"	58" x 22" x 23"	70" x 22" x 23"
46" x 28" x 15"	58" x 28" x 17.5"	70" x 28" x 17.5"
46" x 28" x 23"	58" x 28" x 23"	70" x 28" x 23"

Thickness
10mm (.394")

Weight
1680 GSM

Colors

Black	Caramel
Charcoal Grey	Light Marble Grey

Flammability Rating (ASTM E84)

Black - No	Caramel - Yes
Charcoal Grey - Yes	Light Marble Grey - Yes

PET COLORS
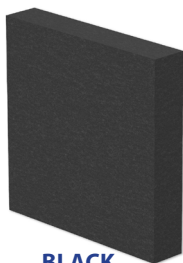

| BLACK | CHARCOAL GREY | CARAMEL | LIGHT CHARCOAL GREY |
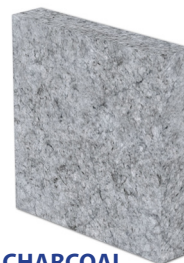

PERFORMANCE			
Mounting Method ASTM C423 / ASTM E795	NRC	SAA	Sabin/S.F
A	0.35	0.35	.35-.39

The specific mounting method used during testing can significantly affect the sound absorption data and the resulting Noise Reduction Coefficient (NRC) or Sound Absorption Average (SAA) ratings. Therefore, it is crucial to compare product performance data only when the same test method and mounting type are used, and the mounting type should be as close as possible to the real-world installation method.
